

COWL, MASK & HELMET SIZING CHART

Use the chart here to find the correct scale at which to print your pattern. Simply find your current measurement and it's correlating percentage. This is the number you will enter into **Tile Scale** or **5** on the **Scale & Printing Guide**.

Measure around your forehead, just above your eyebrows with either a fabric tape measure. If you don't have one, no worries, use a string and then lay it flat on a ruler.

Don't forget! When measuring your head, take into consideration the fit you'd like as well as if you have thick hair and allow for this by adding a percentage point or two to the overall scale.

YOUR MEASUREMENT		SCALE
IN	MM	%
19.5	49.5	89%
20	50	91%
20.5	52	93%
21	53.5	95%
21.5	55	98%
22	56	100%
22.5	57	102%
23	58.5	105%
23.5	60	107%
24	61	109%
24.5	62.5	111%
25	63.5	114%
